

ASSESSMENT UPDATES

Assessment Data and Reporting

Data for the spring 2017 Forward, DLM, ACT, ACT WorkKeys, and ACCESS for ELLs assessments are available in WISEdash for Districts secure portal. The most recent information on dashboards are available at [About the Data](#) webpage. An overview of the Spring 2017 Assessments - Vendor Based Reporting Information is available in the Wisconsin State Assessment Timelines section of the [OSA webpage](#). This overview provides an outline of our statewide assessments, the types of reports available from the vendors, the format in which they are provided, where, and how they can be accessed, and general directions for their use and distribution. This document has some important information as district staff engage in data inquiry and school improvement planning this summer.

The ACT, Forward Exam, and DLM Assessment results **remain under embargo**. This embargo usually lasts until a DPI press release date. As assessment reports become available in the secure portals, please be aware that DPI will notify districts when results may be shared publicly. In the meantime, public release of the data from these assessments is not permissible.

Data from the ACT ASPIRE and WorkKeys assessments can be shared publicly. The data in the WISEdash secure portal contain personally identifiable student information. Data security requirements as outlined in the Family Educational Rights and Privacy Act (FERPA) and state law must be met before the ACT ASPIRE and WorkKeys results are shared publicly.

The vendor-based data reporting mentioned above, as you know, is separate from the extensive processes involved here at DPI. As the final data files are being delivered to DPI from each of the vendors, DPI staff are working on the data for reporting in WISEdash for Districts, the WISEdash Public Portal, and Accountability Report Cards. Public reporting of assessment results must meet FERPA requirements regarding student data. DPI data warehouse and OEA teams are working under tight timelines this summer to load, clean, quality assure, and report data in time for the WISEdash Public and report card releases.

Forward Exam

Forward Exam student and summary reports were released to districts via eDIRECT on June 27. Hard copies of individual student reports (ISRs) for the exam were delivered to districts on or before July 24. A sample ISR cover letter to share with parents is available on the [Forward Exam Data and Reporting webpage](#). An email was sent to all district assessment coordinators (DACs) on Friday July 28 from DRC notifying you of an error on the hard copies of the 4th and 8th grade ISRs that were shipped to the districts. New 4th and 8th grade corrected ISRs were delivered to districts on or before August 14th.

ACT with writing

For details, see email to DACs and test coordinators sent on August 14 from State Testing, statetesting@act.org.

Reminders:

Update regarding the use of non-college reportable accommodations for the statewide ACT with writing assessment for students in grade 11:

As a result of ESSA regulations and discussions with ACT, the decision has been made to discontinue the use of non-college reportable accommodations on the ACT. Starting with the spring 2018 statewide

administration, non-college reportable ACT scores will not be given. All students will test with standard conditions or ACT-approved accommodations.

Ensuring all students can access state assessments using accommodations that are appropriate and result in a valid score remains a priority. Makeup and emergency accommodations testing windows have been added to serve students who transfer after accommodations request deadlines have passed. ACT has recently updated policies with respect to students with disabilities (for example, to ensure that they are consistent with the principles of universal design). An updated list of allowable accessibility supports, guide for requesting accommodations, and related materials will be posted to the DPI ACT Accommodations and Supports webpage: <https://dpi.wi.gov/assessment/act/accommodations>

This change also includes discontinuation of the use of the Spanish translation DVD. ACT has instituted a new set of approved supports for English learners taking the ACT including: written test directions translated in 12 languages, extended test time, use of approved word-to-word bilingual dictionary, and testing in a small group environment. These supports may be used in conjunction with any other ACT-approved accommodations and, with prior ACT approval, will result in a college-reportable score. Further information on English learner supports on the ACT can be found here: <https://dpi.wi.gov/assessment/act/accommodations/english-learner-supports>

DPI will continue to work closely with schools and districts to offer training and technical support on the accommodations request process. Also, DPI documentation that addresses the availability of non-college reportable accommodations will be updated in the next few weeks. If you have any questions, please contact the Office of Student Assessment at (608) 267-1072 and osamail@dpi.wi.gov.
